"Services" means the furnishing of labor, time or effort by a contractor not involving the delivery of a specific end product other than reports and other materials which are merely incidental to the required performance. - a. Purchase Requisition: Employees will obtain quotes first, and then complete and submit a purchase requisition along with any backup information/quotes to the Executive Director. The employee's printed name on the purchase requisition will serve as their electronic signature. When a purchase requisition is received, the Executive Director will verify that there is budget available for the purchase, insert the chart of account number for each line item, then approve the requisition by signature.
- b. Purchase Order: When the purchase requisition has final approval, the Finance Director will generate a Purchase Order in the school's accounting system. The Executive Director and Finance Director will sign the Purchase Order. A copy of the Purchase Order will be issued to the staff member who submitted the purchase order. Upon receipt of the approved Purchase Order, the staff member will then have authorization to make their purchase. The Finance Director will file the original approved Purchase Order and the approved Purchase Requisition until the invoice arrives.
- c. Receiving/Packing Slip: When the merchandise arrives, the staff member will check the contents against the packing slip, note any discrepancies, sign and date the packing slip and forward the packing slip to the Finance Director. If there are any discrepancies, the staff member is to contact the vendor to clear the situation and then notify the Finance Director of the outcome. If there is no packing slip the purchaser will send an email to the Finance Director informing him/her what merchandise has arrived, or that the service has been rendered. This email will be attached to the purchase order in place of a packing slip.
- d. Invoice: The Finance Director will enter the invoice in the school's accounting system. The Finance Director or other staff member will staple together the original purchase order, the packing slip and the invoice together and double check that all signatures are on the purchase order and then stamp the invoice. Employee Reimbursements

Purchases by the Executive Director of two hundred dollars (\$200.00) or less do not require a written approved purchase order before the purchase can be made. Purchases by instructional and non-instructional staff, other than the Executive Director, of one hundred dollars (\$100.00) or less do not require a written approved purchase order before the purchase can be made. All purchases above these amounts require a written approved purchase order before the purchase is made. Please note, artificially dividing your purchase is prohibited. Artificial dividing is defined as making multiple purchases over a period of time or a range of stores in order to bring individual purchases within the amount required for employee reimbursement.

Employees must take care to purchase from vendors with which the School has a pre-existing relationship in which sales tax is not charged to the School. Sales tax will be reimbursed only where the items purchased could not have been purchased from any store with which the School has such a pre-existing relationship.

Each staff member must have written approval from the Executive Director before the purchase is made in order to be reimbursed. This written approval may take the form of an email. Staff members will staple receipts to a completed employee reimbursement form and submit it to the Finance Director. This written approval must accompany the receipt and reimbursement form when submitted to the Finance Director.

- E. The central purchasing office that makes an emergency procurement to plan or prepare for the response to a serious threat to public health, welfare, safety or property caused by a flood, fire, epidemic, riot, act of terrorism, equipment failure or similar event shall account for the money spent in making the procurement and

report on that accounting to the legislative finance committee and the department of finance and administration within sixty days after the end of the fiscal year in which the procurement was made.

Receiving Cash from Students or Parents

A receipt book will be supplied to staff members who collect money from students and parents for any purpose. When collecting money fully complete the receipt form with the following information: student name, amount collected and what the money was collected for. Please note if the payment was cash or check. The original receipt goes to the student or parent. The first copy of the receipt is attached to the cash/check and turned in to the Finance Director. The second copy stays in the receipt book. If the money collected is for a lost book, DVD or piece of equipment please check with the Finance Director for the replacement cost of the lost item (see below). The Finance Director will not accept cash or checks without a completed receipt. Receipt books must be turned into the Finance Director when it is full or at the end of the school year, whichever comes first. If money is being collected from fundraisers (bake sales, etc.), individual receipts do not need to be written. Collect the cash for the event and count the cash using a cash collection form and issue a receipt.

Salary Schedule and Salary Increases

- Minimum salaries for teachers and Executive Director are determined by the Legislature of the State of New Mexico. Yearly a salary schedule is approved by the Board for teaching staff and support staff. Teaching and support staff are paid strictly by licensure level and years of allowed experience. A copy of the salary schedule will be provided in the staff handbook. Salaries for all other staff are determined at the time of hire and are based on qualifications and experience for each position. Salary increases are determined by the Legislature of the State of New Mexico and are passed during the January/February legislative session regarding the on average percent increase for the following school year. The on average percent increase is distributed via the salary schedule. Taking priority are teachers who are changing licensure levels (level one to level two, etc.). Then the step changes are accounted for (3 years' experience to 4 years' experience, etc.). After these two procedures are accomplished, if the on average increase is less than the state mandated on average increase, the remaining percentage is worked evenly into the salary schedule, moving the entire schedule up. If the Legislature does not fund salary increases in any given year, then the salary schedule remains stagnant and no raises will be available to staff members.

Travel Expenditures

As a policy, Tech will comply with all the standards set for in the NM Per Diem and Mileage Act, 10-8-4, NMSA 1978. A pre-travel authorization, policy and procedures form must be signed before leaving on professional development trips. Staff members will be reimbursed for actual costs of meals, taxi, shuttle and mass transit costs and airport parking; dollar limits apply to meals and those limits depend on whether travel is in-state or out-of-state. Over the limit costs will not be reimbursed. Costs for a traveling companion or any non-school employee will not be reimbursed. Original, itemized receipts must be turned in with a travel reimbursement request form. Non-itemized receipts, alcoholic beverages and entertainment expenses will not be reimbursed. When several diners share a receipt, each diner must identify their food/drink items. Splitting a check evenly between all diners is not acceptable. Non-original copies of receipts will only be accepted when separate checks are not issued by a restaurant; however, one person must turn in the original receipt. Restaurant tip reimbursement is limited to 20% of the allowable reimbursable purchase unless the restaurant adds a larger gratuity. In this instance the larger gratuity must be itemized on the restaurant receipt. If you are driving to your destination a mileage reimbursement form must be completed. You will be reimbursed for mileage, not for gas receipts (exception is if you are driving a school arranged rental car). If traveling in a group only one person will be reimbursed for mileage. Reimbursement requests must be turned in within 30 calendar days of returning from your travel to guarantee reimbursement.
